

We Spoke at Prestigious Business & Economic Forums in Brazil

We spoke to business leaders around the world, including Brazil, for 40 minutes under the theme “The Importance of” Mutual Respect “and the Way to Implement It in Your Organization”. It was our honor to be with Luiza Helena Trajano, representative of “Magazine Luiza” (market capitalization of USD 15 billion, which has nearly 1,000 stores in Brazil and a booming e-commerce arm).

It was such a valuable opportunity for BIZIT M&A and TRYFUNDS to think and discuss with all the participants at the forum.
